## **Notice of Staff Webinar Request for Additional Information to Develop Standards for Appliance Efficiency Rulemaking**

California Energy Commission staff will conduct a webinar to request additional information and data to develop standards proposals for Network Equipment, Commercial Clothes Dryers, Portable Electric Spas, and Pool Pumps and Motors.

January 15, 2014

10 a.m. (Pacific)

Access is by Computer or Phone via WebEx™  
(Instructions below)

### **Purpose**

The purpose of this webinar is to seek additional information and data from interested parties on Network Equipment, Commercial Clothes Dryers, Portable Electric Spas, and Pool Pumps and Motors. In May 2013, Energy Commission staff conducted workshops to review information and data submitted by interested parties on a large number of appliances. In July 2013, the Energy Commission received proposals for standards or other measures, based on the data provided. Staff evaluated these proposals and found that for Network Equipment, Commercial Clothes Dryers, Portable Electric Spas, and Pool Pumps and Motors, there were additional energy savings opportunities or additional information to be developed that was not reflected in the proposals. At this webinar, staff will discuss what additional information is necessary to develop cost-effective, technologically feasible standards that can achieve all energy savings opportunities.

Proposals received in July 2013 for Network Equipment, Commercial Clothes Dryers, Portable Electric Spas, and Pool Pumps and Motors are currently available on the Energy Commission's website at:

<http://energy.ca.gov/appliances/2013rulemaking/documents/proposals/>.

## Public Comment

Staff will accept oral comments and questions during the webinar. Comments may be limited to 3 minutes per speaker. Any comments may be recorded and become part of the public record in this proceeding.

The Energy Commission continues to accept new information or data relevant to this proceeding. The Energy Commission encourages interested parties to send written information up to 5 MB by e-mail. Information should be in a downloadable, searchable format such as Microsoft® Word (.doc), Adobe® Acrobat® (.pdf), Microsoft® Excel (.xls), or Microsoft® PowerPoint (.ppt).

Interested parties should also include the name of the organization and authorized representative in the body of the e-mail as well as the appropriate docket number and the specific appliance for which it is submitting information in the subject line. Send written comments electronically to:

[docket@energy.ca.gov](mailto:docket@energy.ca.gov)

If the response's file size is more than 5 MB, if the information includes an application for confidential designation, or if interested parties prefer, paper copies of proposals with electronic information provided on a CD or DVD may be sent to:

California Energy Commission  
Dockets Office, MS-4  
Re: Docket No. [Insert Appropriate Docket Number]  
1516 Ninth Street  
Sacramento, CA 95814-5512

Documents may not be divided into several parts to create multiple electronic files each of 5 MB or less in order to file electronically only. Additional information is provided in the Standing Order regarding Proceedings and Confidentiality Procedural Requirements for Filing, Service, and Docketing Documents with the Energy Commission:  
[www.energy.ca.gov/commission/chief\\_counsel/docket.html](http://www.energy.ca.gov/commission/chief_counsel/docket.html).

Please note that your written and oral comments, attachments, and associated contact information (e.g. your address, phone, email, etc.) will become part of the viewable public record. This information may become available via Google, Yahoo, and any other search engines.

The docket numbers for the four appliances that are the subject of this webinar are:

- Network Equipment: 12-AAER-2A
- Commercial Clothes Dryers: 12-AAER-2D
- Pool Pumps & Motors: 12-AAER-2F
- Portable Electric Spas: 12-AAER-2G
